

Fetus Room outline

by [Matthew Temple](#)

Story about a girl aborting and playing with her own fetuses. Her blood, her pussy and her insides. She aborts them at an age at which its legal to abort. She shows her friends, her parents, a counsellor comes to visit her. The whole thing takes place in her red-painted room—she never leaves the room. The act of her inviting boys over to impregnate her so she'll have fetuses to keep her company. As soon as they cum she is ultra mean to them and kicks them out. She forces her best friend to suck a living fetus out of her by threatening to choke her to death. Removes others with wire hangers and chemical mixtures. She agrees with the school that she will complete her schoolwork from home and she does hers and all of her friends as well. She convinces one of her friends to be impregnated in her room and let the boy remove the fetus by sticking his hand and wrist and arm all the way up her vag.
